LANDLORD LISTING GUIDELINES

Help Students Find the Right Home — Accurately & Transparently

Important: Completing ID Verification is an important step, but verification does not automatically guarantee listing approval. Your listing may still be rejected, restricted or blocked if it does not meet MushaLink's listing standards.

All landlords are required to follow the guidelines below.

1. Listing Photos

Your photos are often the first thing a student sees. They must accurately represent the current condition of the property.

Photo Requirements

- All photos must be clear and HD quality. A professional camera is recommended.
- Ensure the property is well-lit. Dark, blurry or poorly exposed images may be rejected.
- All photos should be captured in **Landscape (16:9)** format.
- Photos must be recent and accurately represent the property being advertised.
- Do not use heavily edited, misleading or digitally altered images that misrepresent the property.

Minimum Photo Coverage

Provide at least **1 clear photo of each major section** of the property, where applicable:

- Living Room
- Kitchen
- Bathroom(s)
- Bedroom(s)
- Beds / Sleeping Areas
- Front Yard
- Back Yard
- Front Gate / Entrance
- Other important amenities or facilities

Keep Your Listing Updated

Property photos should be updated at least once every 12 months, or sooner whenever there are significant changes to the property.

2. Property Description

Your description must give students a realistic and complete picture of what they are renting.

List Amenities Honestly

Landlords must list all amenities and facilities in good faith. Do not exaggerate, misrepresent or advertise facilities that are unavailable, unreliable or significantly different from what is stated.

Disclose Important Property Conditions

Students should be informed about issues that could materially affect their stay, including:

- Water availability
- Electricity supply
- Internet connectivity
- Load-shedding / backup power
- Security
- Plumbing
- Access roads
- Noise
- Construction or renovations
- Shared facilities
- Any other condition that could reasonably affect a student's living experience

Transparency protects both landlords and students.

3. Listing Name

Use a clear, accurate and appropriate property name that helps students understand what property they are viewing.

Avoid:

- Misleading names
- Excessive promotional wording
- False claims
- Names that impersonate another property or business

4. Landlord Details

All landlord information must be completed accurately and in good faith.

- Correct full name
- Valid contact details
- Accurate property ownership or management information
- Correct location and address details where required
- Any other information requested during the verification process

Do not provide false, incomplete or misleading information. If you manage a property on behalf of the owner, make sure you have the appropriate authority to advertise and manage the property.

5. Verification

MushaLink uses verification to help create a safer and more trustworthy accommodation marketplace.

Landlords may be required to provide information or documentation to verify their identity and/or their relationship to the property.

Verification does not mean your listing is automatically approved.

A verified landlord can still have a listing rejected, restricted or blocked if:

- The property information is misleading.

- Required information is missing.
- Photos do not meet MushaLink standards.
- Amenities are falsely advertised.
- Important property issues are deliberately concealed.
- The listing violates MushaLink's policies or terms.
- Information provided during verification is found to be inaccurate.

MushaLink may request additional information where necessary.

6. Communication With Students

Good communication is an important part of providing a positive accommodation experience.

- Respond to genuine student enquiries professionally.
- Provide accurate information when answering questions.
- Avoid making promises that cannot be fulfilled.
- Communicate important changes affecting the property.
- Be respectful and professional when dealing with students.
- Clearly communicate rental terms, deposits, additional charges and other applicable costs.
- Avoid requesting unnecessary personal information from students.

If information provided during communication contradicts your listing, you may be required to update the listing accordingly.

7. Pricing & Fees

All advertised prices must be accurate and transparent.

Clearly state:

- Monthly or applicable rental amount
- Deposit requirements
- Additional fees
- Utilities included or excluded
- Internet charges, where applicable
- Other mandatory costs

Avoid advertising an attractive base price and revealing mandatory charges only after a student has made contact.

8. Keep Your Listing Updated

Your responsibility does not end when your listing is published. Review and update your listing whenever something changes.

Update your listing when:

- Rent changes
- A room becomes unavailable
- Amenities change
- Property conditions change
- Internet or utilities change

- Photos become outdated
- Rules or requirements change

An outdated listing can result in students receiving incorrect information and may affect your listing status.

9. Listing Compliance & Blocking

MushaLink reserves the right to reject, restrict, suspend or remove listings that do not meet its standards.

Serious or repeated violations may result in additional penalties, including suspension or termination of a landlord's account.

Examples of conduct that may result in action include:

- False or misleading property information
- Fake or misleading photos
- False claims about amenities
- Deliberately concealing significant property issues
- Providing false verification information
- Misrepresenting ownership or authority to advertise a property
- Repeated failure to maintain accurate listing information
- Fraudulent or deceptive behaviour
- Violations of MushaLink's Terms, policies or applicable laws

THE GOLDEN RULE

List the property exactly as it is.

If a student would consider something important before deciding to rent the property, tell them about it.

Accurate listings build trust, attract the right students and help create a better experience for everyone on MushaLink.

MushaLink

Trusted accommodation. Verified connections. Safer student living.
